

WHAT TO DO IF YOUR IDENTITY WAS STOLEN

- 1 Replace any missing documents** - your driver's license, passport, Social Security number or card, credit or debit card, etc.
- 2 Create an Identity Theft Report.** First, create an Identity Theft Affidavit with the FTC, then file a police report.
- 3 Consider a credit freeze.**
- 4 Create an initial fraud alert** with one of the three credit reporting agencies. They are free and last 90 days.
- 5 Clear compromised tax records** by contacting the IRS.
- 6 Dispute fraudulent activity** on financial accounts. Reset all PINs and passwords. Contact any businesses involved.

Keep all documents related to the theft and your report.
